

Welcome to the **Vivante™** experience

Whatever their lifestyle, the Moxi™ family of hearing instruments on the new Vivante platform will deliver the good life right to your patients' ears.

Sound performance from Vivante is our best yet

Integra OS – evolved to include a **NEW** 8th listening environment, conversation in loud noise

NEW! HyperFocus – improves SNR for face-to-face conversations in loud noise environments

NEW! 360 conversation in car manual program – automatically focuses on speech, regardless of where passengers are sitting

We have a style to fit their lifestyle

The Moxi Vivante family features two new designs for those who appreciate aesthetics, comfort and ease of use, following the same design philosophy that has won Unitron hearing instruments many awards.

Moxi V-R

Our smallest rechargeable with direct connectivity

Moxi V-RT

Rechargeable with telecoil and direct connectivity

Hearing instruments shown at actual size

A Sonova brand

A personalized and freeing hearing experience

Our suite of Experience Innovations – including Performance Tracking and Continuous Care tools – helps your patients thrive in their personal hearing journeys. These unique features empower each patient to personalize their listening experience to suit their lifestyle, and the Remote Plus app provides easy in-the-moment access to make the adjustments they need.

Life is about connections

Thanks to Made For All compatibility, patients can conveniently stream phone calls and other media like music, podcasts and digital assistants right to their hearing instruments, easily controlling them with just a tap. Plus, they can seamlessly switch between two actively connected Bluetooth® devices.

Newly designed charger

Thanks to the magnetic pull insertion, it's easier for patients to insert and remove their hearing instruments

unitron™ Love the experience

Compelling technology at all levels

You can have the peace of mind of knowing that Unitron has compelling technology at all levels to meet your patients' lifestyle and budget. If their lifestyle, budget or hearing needs change, our unique FLEX:UPGRADE™ means their hearing instruments can evolve with them. From start to finish your patients can feel good about the entire hearing care experience.
